Kia sitting nervously in her seat fidgeting as she played with the rim of her skirt, she was told to wait. She glanced around at the living room where she waited. It was a large room filled with expensive decoration and fancy, uncomfortable couches.

She has only been in the room once when she younger and that was to meet a young boy. Now here she was again in the same room waiting for the same young boy only this time they will both be sixteen instead of eight.

Kia clutched her skirt and shook her head. She didn't want to think about it at all thinking about his meeting just made her stomach churn. She glanced up when she heard the door open then shut. She glanced up as she saw two males stand in front of her.

One was clearly a lot older the other, both had a stoic look on their face showing the fact that they were clearly father and son. The same long face and bored onyx eyes. The father looked a bit sterner with his arms crossed and his face set in a deep frown as he glanced at Kia up and down.

The young only glanced at Kia once, he seemed a lot kinder. It was shown on his face as he made eye contact with her, "He will be coming out in a bit," he told the green haired girl as he sat on the opposite end of the couch.

The father glanced at his son and nodded his head as he also took a seat. Kia glanced at them both nervously. She remembered them but just barely. Just as she was about open her mouth the door opened again and a beautiful woman was smiling at her.

It was obvious where the elder boy got his good looks from.

"You look lovely Mrs. Cetra," Mikoto said taking Kia's hand. Kia blushed and looked at the dress she was told to wear and nodded, "Doesn't she Itachi, Fugaku?"

The boys didn't say anything as the nodded in agreement. After a few minutes of Mikoto chattering the door opened again to reveal none other than the reason why she was hereâ€¦her fiancÃ©e.

He stood at the door looking as cool as always and took large steps Kia. The rest of the Uchihas silently left the room to leave the young couple to take and learn more about another.

"Uchiha Sasuke," he grumbled but had a small smile on his face.

"Cetra Kia," Kia blushed even redder she also had a small smile.

End file.
